Tesla Electric Corp. is a full-service electrical contracting and engineering firm dedicated to providing high quality electrical installation and consulting, since 1979. Licensed in New York City, the State of New Jersey and Westchester County, we bring a wealth of formal engineering education and training as well as two generations of skill in practice to every project that we undertake.

As a company, our approach to work is characterized by attention to detail, ingenuity in problem solving, excellent communication throughout projects and neat, stylish manner of installation. Areas of expertise include:

- All Residential Wiring
- All Lighting and Lighting Control Systems
- Commercial and Heavy-Duty
- Data, Audio and Video, Surveillance
- Boiler, Heating and Control Circuitry
- Home Automation and Control
- Power, Service and Meter Wiring
- High-End and Boutique Wiring

We invite you to get in touch regarding your home, project or issue and we look forward to being of service to you for all your electrical needs.
